Vaporesso GEN Max Mod

R1,050.00

The Vaporesso Gen MAX Box Mod is a stunningly designed single DUAL 18650 Box Mod. With a large TFT screen, ability to lock firing button and using the outstanding performance Axon Chip, this device is perfect for experienced vapers or those vapers looking to take the next step from Pod Vapes or Disposables.

Compact Design

The Vaporesso Gen MAX Mod comes in a super modern design capable of taking 2 x 18650 battery which can power the Box Mod from 5-220W. The Vaporesso Gen MAX is ideal for both MTL (Mouth to Lung) or DTL (Direct to Lung) vaping.

Advanced Chipset

The Vaporesso Gen MAX Box Mod comes with one of the most advanced chipsets on the market, the Axon board. This is now tried and tested technology and features on many of Vaporesso's newer devices.

Personalised Vaping

The Gen MAX Box Mod thanks to the Axon Chipset affords vapers a customised experience. Equipped with Pulse, F[t], Eco, TC-NI, TC-SS and TC-TI operating modes, this really allows the user to experiment and dial in the perfect vaping experience.

Safety First

Whilst the Vaporesso Gen MAX Box Mod comes with all the usual safety features, you are also able to lock the firing button. This is particularly useful if carrying in a bag or pocket and avoids any unwanted firing of the device.

Tank Friendly

The Gen MAX Box Mod can take any tank you choose that has 510 threading. Whether that be an MTL tank, DTL tank or RDTL tank, the Gen SE supports them all. Of course with all that power it is designed for DTL Subohm vaping.

Easy Functionality

The Vaporesso Gen MAX Box Mod offers the perfect combination of simplicity and performance. With easy-to-use button controls and a large screen displaying all the important data, this mod will elevate your vaping experience. And when you're done, simply lock it for safe and convenient storage in your bag or pocket.

Features:

• Single Battery: 2 x 18650 (Not included)
• Output Power: 5-220w
• Display: 0.96" TFT Screen
• AXON Chipset with various Modes
• User-Friendly Interface with 3 themes to choose from
• Side Lock Button: Never Misfire
• All-In-One Fire Button, To Fire & Turn to Adjust Settings
• Suitable for Sub-ohm DTL Vaping or MTL vaping
• Charging Current: DC 5V/2A Type-C
• Childproof Lock

Comes With:

• Vaporesso Gen Max Device
• USB-C Cable
• User Manual

Geeekvape Aegis Legend 5 Mod

R1,100.00

The GeekVape Aegis Legend 5 200W Box Mod ushers in the next generation of vaping performance. Precision-engineered inside and out, this cutting-edge device is powered by the advanced AS Chip 4.0, delivering smarter, faster, and more intuitive control than ever before. A physical lock switch returns, and 5 firing modes allow for easy customization of your preferred vaping styles. As the enhanced successor to the Legend 3, the Geekvape Aegis Legend 5 raises the bar with upgraded features and a refined design.

Product Features
• **5 Modes.**
Eco, Smart, Normal (Automatic adjustment)
Custom, TC (Manual adjustment)
• **Tri-proof, IP68-rating.**
The Geekvape Tri-Proof Tech makes Aegis Legend 5 more compact. Water & dust resistance, as well as a higher level of shock resistance, provide better protection in harsher environments.
• **Vibrant UI, Intuitive and Pleasing.**
A vibrant interface blends bold colors with dynamic design elements to deliver a visually engaging experience, while its intuitive layout ensures easy and effortless navigation.
• **Unleash the Power of AS Chip 4.0**
At the core of the Aegis Legend 5 is the cutting-edge AS Chip 4.0, featuring advanced buck-boost technology for stable power output. Even with low battery levels, it maintains consistent performance—delivering steady power for reliable, full-flavor vaping every time.

Product Specifications
• **Working Mode**: ECO, SMART, NORMAL, CUSTOM, TC
• **Output Power**: 5W - 200W
• **Maximum Output Current**: 45A
• **Maximum Output Voltage**: 12V
• **Charging Port**: Type-C Port
• **Resistance Of Atomizer**: 0.1 ohm - 3 ohm
• **Battery Specification**: 7.4V, external double battery 18650 (NOT Included)
• **Display Screen**: 1.08 inch, TFT color screen
• **Operating Temperature**: 0℃ - 45℃
• **Storage Temperature**: -20℃ - 60℃
• **Relative Humidity**: 45% RH - 75% RH
• **Cooling Mode**: Natural cooling
• **Size**: 55.36mm x 140.5mm
